Title I

- **What is Title I?**
- **Title I Funds**
- **Title I Plan**
- **Parent Family Engagement Plan**
- **School/Parent/Student Compact**
- **School Improvement Plan**

What Is Title I ?

Title I, Part A, provides resources that help children gain a high-quality education and the skills to master the Florida Standards.

Title I provides additional resources to schools with economically disadvantaged students. These resources provide additional teachers, professional development, extra time for teaching, parent involvement activities, and other activities designed to raise student achievement.

For public schools, Leon County Schools implements a schoolwide model.

Title I Funds

The purpose of **Title I funding** is to provide students in areas with a high concentration of children from low-income families significant opportunity to receive a fair, equitable and high-quality education, and to close educational achievement gaps.

Title I funds are used to provide services that are supplemental or, in addition to, services normally provided by the school for participating children.

Title I Plan

The Title I Plan allows schools to consider federal, state, and local funds when planning their school's educational program and budget. Schools utilize the school-wide Title I model to implement a systemic and high quality program resulting in increased academic achievement.

Annually, schools are required to review their plans and evaluate the effectiveness of strategies and resources implemented to meet academic goals.

Parent/Family Engagement Plan

Schools develop and implement annual **Parent and Family Engagement Plans** to support student achievement. Parents are asked to partner with school teams as planners, participants, and decision-makers in the operation of the school-wide Title I program. This partnership is vital in strengthening the program's ability to meet the needs of all students and support parents' active commitment to their student's learning and development in school.

School-Parent-Student Compact

The **School-Parent-Student Compact** is an agreement between the parent, teacher, and the student. Students have an increased opportunity for success when expectations are clear, consistent, and supported at home. Effective schools are a result of families and educators working together. We encourage you to form a partnership with the school.

School Improvement Plan

The purpose of a **School Improvement Plan** is to guide the school's problem-solving and planning process throughout the school year.

The School Improvement Plan helps to identify, organize, and implement strategies and resources that will lead to increased student achievement.

A copy of the School Improvement Plan can be found in the school's front office and on the school's website.

SCHOOL NAME TITLE I NEEDS ASSESSMENT

Overall Academic Goals

- 1. Increase proficiency in 3rd grade reading
- 2. Increase math proficiency
- 3. Increase science achievement
- 4. Increase proficiency students with disabilities
